

THE EMU POINT BOWLER

OCTOBER 21ST 2018

Emu Point First division ladies pennant team had a win against Albany Green this week. Second division had another good win, putting them on top of the ladder.

The men played the popular 100 Up event this weekend. After a quality tussle, Len Brown was the winner with Phil Wegner runner up. Terry Martin took the Plate from surprise runner up Brian Richardson. Club President Mal kindly donated \$50 each to the winner and plate winner.

Don't forget it is the Sporting Clubs AGM at 7.30 pm this Thursday 25th. Come along and see what's going on and have your say.

Richie came back from the Gold Coast with some coaching notes from Ron Alexander, so I will attach one every week if possible. It all helps.

Rabbits. They are running rife around Emu Point and the Bowling Club despite the best efforts from Wal to control them. However the Ag Department are coming to the party at last and are going to put out the latest release of Cilice Virus here in Emu Point. Beware if you have a pet rabbit, you need to get it inoculated. Attached is a brochure on that subject.

The rabbits haven't attacked this colourful new section of the garden – yet.

Pictured here is our secret gardener Lynda James from the Tennis Club working away cheerfully on Sunday afternoon. Looking good.
