THE GRAND OPENNING OF THE NEW SHED AND TOILET.

Congratulations to head honcho Mal who worked tirelessly from start to finish to get this great new facility. All the volunteers who had some input were invited to the grand

To celebrate, Mal took main workers Ian and Stan on a 400 km round drive to the farm to pull the nets on a great haul of koonacs. Of course Faye and Chris were dragged in to peel the yabbies and put on finer details of the nosh up.

Congratulations and thanks to all the members who were involved in this project.

Seen here looking a little flushed was Ian celebrating with Arthur and Margaret.
